

Senate Committee Asks Wilson For Conference On Peace; May Forecast Compromise On Adoption of Treaty, Covenant

FACULTIES FOR DIXON SCHOOLS NOW COMPLETE

Supt. Reeder Gives List of Teachers He Has Secured.

Superintendent John C. Reeder has finally completed the list of instructors who will be employed in the schools of the city the next year. He has been very painstaking in his selection and has exercised every effort to secure none but the very best instructors obtainable. Principal I. B. Potter is expected to arrive in Dixon tomorrow from his home in Jacksonville to confer with Superintendent Reeder, and to secure living quarters after which he will return to Jacksonville for a short time to close up business affairs before coming here to take charge of the south side high school.

A new system has been planned by Superintendent Reeder and Principal Potter that should be of great assistance to new students entering the high school. It is planned to open both high schools three days before the date set for the beginning of the term and as many teachers and instructors as are in the city at that time will be present. Courses of study have been drawn up and the instructors will assist the students, after registering, in the selection of their courses of study for the year.

Athletic Program.
From an athletic standpoint, the Dixon schools this year should establish a record, as every male instructor who will preside in the schools has had considerable experience in athletics and coaching. Both Superintendent Reeder and Principal Potter have had long years of experience in athletics and are strong believers in physical training. Mr. Reeder is a veteran basketball player, having followed the game for 15 years.

The work on the school buildings throughout the city is progressing as rapidly as can be expected and all of the buildings will be in first-class condition at the opening of the term. At the south side building, the interior is being redecorated and new metal ceilings have been placed in some of the rooms. Steel lockers will also be installed for those taking an active part in school athletics.

At the Truman school, the entire interior is being redecorated and some improvements along this line are also under way.

New Evidence Found in Clugston Death

By Associated Press Leased Wire
Macomb, Ill., Aug. 14.—Testimony of a woman, whose name the sheriff's office declined to disclose, is expected to throw new light on the texture of circumstances surrounding the death of Lawrence Clugston, of Bushnell, for whose alleged murder by poisoning his wife and Doctor C. W. Alverson are being held in jail here.

According to the sheriff's office, the woman, who was a neighbor of the Clugstons at Bushnell, went into offer her services the night before Clugston died. The victim, the woman is said to have declared, was in the midst of violent convulsions, about which Mrs. Clugston asked her to be silent. The inference drawn by the sheriff's office is that Clugston then was suffering the effects of poisoning.

It also was said to have been volunteered by the woman that Mrs. Clugston showed no evidences of grief, and this was declared to have been confirmed by undertakers following the man's death.

Radical Downturns in Grain-Provisions

By Associated Press Leased Wire
Chicago, Aug. 14.—Radical downturns in grain and provision prices took place today, and the breaks were largely ascribed to seizures of food hoards and to other developments in the war against the high cost of living. Corn fell 18½¢ a bushel to 1.83. Sept. delivery and pork \$2.35 a barrel to \$4.00 for September.

Three Cornered Race to Capital Starts

By Associated Press Leased Wire
Joliet, Ill., Aug. 14.—In a three-cornered race to the state fair an automobile driven by Harry Ohlhaber and having as a passenger a representative of the Herald-Examiner left at 10:15 o'clock, a train over the Chicago & Alton railroad departed at 11:48 o'clock and an airplane piloted by Lieut. E. M. Ackerman sped away at 12:15 o'clock. Thousands cheered as each contestant pulled away for the 150-mile grind.

Paul A. Lennon arrived home from Baltimore, Md., last evening for a short visit with relatives and friends.

U. S. Battle Deaths Are Eight Per 1000

By Associated Press Leased Wire
Washington, Aug. 14.—Analysis of the "final" casualty report received from the central records office in France shows that the European war was the most sanguinary in history. Battle deaths among American enlisted men averaged eight per thousand, among emergency officers, 11 per thousand, and among regular army officers 14. Of every 1,000 officers landed in France 350 were killed or wounded. Battle deaths were 27 per thousand for graduates of West Point against 18 for non-graduates.

EXPECT HUNDREDS OF FORMER STUDENTS TO ATTEND BIG REUNION

Gathering of Dixon College Alumni Will Be a Big Event.

From the number of return cards received by the secretary of the Dixon College Teachers and Students Reunion and Pledge organization to be held at the Assembly grounds on August 15th and 16th, it is estimated that about 70 former teachers and students will be in attendance.

It is again urged by Mark C. Keller, chairman of the Reunion and Pledge organization, that any former teacher or student who has not received notice from the secretary of the Reunion and Pledge should communicate this fact at once to him or to G. W. Gehant, secretary.

The chairman of the Reunion and Pledge organization also states that the meeting of the former teachers and students will convene promptly at 2:30 o'clock on Friday afternoon in the auditorium at the Assembly grounds, at which time and place a program and business session will be held. It is urged that everyone be present at this formal opening of the reunion and picnic as matters of interest and importance to every former teacher and student will be taken up. At this meeting the further programs for the following day will also be taken up.

On Friday evening a dance will be given in the Armory hall for all former teachers and students and to which the public is especially invited to attend. The dance will begin promptly following the band concert to be given at the court house square. Good music will be furnished and the hall will be decorated with the old college colors of black and gold. This will afford an opportunity for all visiting former teachers and students to meet old acquaintances in this city.

A reception committee of which A. H. Hanneken is chairman, will meet all trains and escort the visitors to the Assembly grounds. Landlord Thomas Young of the Assembly hotel has arranged to serve hot lunches to the visitors during the day and to those who wish he will serve breakfast on Saturday morning, but no attempt will be made to serve regular dinner or supper during the reunion. All concession stands in the vicinity of the hotel will be open for business, it is also announced.

The program tomorrow afternoon will begin promptly at 2 o'clock, at which time there will be music by an orchestra, an address of welcome by Attorney E. E. Wingert, short talks by visiting former students and teachers, and a business meeting, to make the association permanent. Saturday's program will be determined tomorrow.

AVIATORS MET MISHAP; LAND HERE AT NOON

Aviators Elmer Partridge and James Pickens of the Chicago Airline Transit Co., who were expected to arrive in Dixon Wednesday afternoon from Beloit, Wis., did not arrive until this noon because of a slight mishap which befell them when they were forced to land at Oregon because of engine trouble. Landing in a field there their plane tumbled into a small ditch, tipping slightly and breaking the propeller. It was necessary for Mr. Pickens to go to Chicago for repairs, with which he arrived in Oregon this morning before the flight could be resumed.

As a result of the delay the stay of the aviators, who had expected to spend several days in Dixon, is curtailed. It was announced this afternoon, however, that they will be at the Barlow field east of town this evening and all day tomorrow to take passengers who want rides over the city. They will fly until dark this evening if prospective passengers apply for excursions at the field, and will continue their flights until tomorrow evening.

THE WEATHER

THURSDAY, AUG. 14

RUMANIANS WILL LEAVE BUDAPEST TO END DISPUTE

Supreme Council Gets Rumanian Reply to Entente Note.

By Associated Press Leased Wire
Amsterdam, Aug. 14.—Rumanian troops are about to leave Budapest in consequence of the note sent to Rumania by the peace conference, according to a wireless dispatch received here from Vienna quoting newspapers of that city.

RUMANIANS THREATEN WAR.
By Associated Press Leased Wire
Vienna, Tuesday, Aug. 12.—(Delayed.)—A statement attacking England and America, demanding that Hungary be united with Rumania under the sovereignty of King Ferdinand and threatening to strip Hungary if the Rumanian army is forced to withdraw from that country, has been presented to Archduke Joseph, head of the Hungarian government by the authorized Rumanian representative at Budapest, according to dispatches received here.

ARCHDUKE NOT IN FAVOR.
By Associated Press Leased Wire
Paris, Wednesday, Aug. 13.—(Delayed.)—Rumania in no wise favors the installation of Archduke Joseph in power in Hungary, according to a declaration made to the Temps by Victor Antonesco, Rumanian minister here. "The Bucharest government has no reason for sympathy either for the archduke personally or the reactionary regime which he represents," M. Antonesco says. "Rumania certainly will not support any government in Budapest which is not acceptable to the entente."

In discussing the alleged seizure of supplies in Hungary by Rumanian forces, the minister says: "The Rumanian army's requisitions to do not nearly approach those of the Hungarians in Rumania during the war. Rumanian representatives in Budapest have received strict instructions to examine this question in accordance with entente representatives."

M. Antonesco continues by saying that the "happy result" of Rumanian intervention has been to permit allied and associated representatives to re-enter Budapest and the suppression of bolshevik propaganda. He says that it is now the task of the allies with Rumania's assistance to install in Budapest a government with which a definite peace may be concluded.

"I am sure," he concludes, "the allies will find our representatives devoted and friendly collaborators. The bonds of union between France and Rumania especially are too strong even to be broken for mere questions of form."

TEXT OF REPLY RECEIVED.
By Associated Press Leased Wire
Paris, Aug. 14.—The Rumanian delegation sent to the peace conference to day the text of the answer of the Rumanian government to the notes sent by the conference. The supreme council will meet this afternoon to discuss the Rumanian reply.

U. S. WARNS MEXICAN GOVERNMENT TO HALT MURDER OF CITIZENS

In Reply Carranza Says He is Doing Utmost to Protect Them.

By Associated Press Leased Wire
Washington, D. C., Aug. 14.—Warning that there would be a radical change in the policy of the American government regarding Mexico if the Carranza government continued to fail to protect Americans in that country was contained in a note sent to the Mexican foreign office July 22.

That the note had been dispatched was disclosed today by the state department, together with the information that in its reply the Mexican government had said that everything possible already was being done to protect foreigners. There was a suggestion that unless foreigners concentrated in populous places it would be impossible to afford them the protection demanded.

Notification of a possible change of policy was made by the American embassy at Mexico City on instructions from the state department, which determined upon this course as a result of the long series of murders and outrages of Americans in Mexico culminating in the murder of Peter Catron in San Luis Potosi last month.

Moline Plow Makers to Meet Dixon Browns

The John Deere Plow company (colored) team of Moline will meet the Dixon Browns Sunday afternoon at Brown park at 3 o'clock. Lightner and Larkin will be the batteries for the Browns. The Deere team is said to be a good one and will produce an interesting game for the Browns.

FORD-TRIBUNE CASE IN HANDS OF JURY

Judge Tucker Advises it That Right of Fair Comment Expected.

By Associated Press Leased Wire
Mount Clemens, Mich., Aug. 14.—The jury which for three months has been hearing testimony and arguments in Henry's Ford's \$1,000,000 libel suit against the Chicago Daily Tribune, retired today to consider its verdict.

Judge James G. Tucker, instructed the jury that "the right of fair comment" is expected in the case of Mr. Ford because his position as a great employer of labor and his entry as a propagandist into the discussion of the preparedness question made him a public character.

The judge held that a newspaper has no greater privileges in making comment than has an individual.

News Company Eliminated.
The jury was instructed further to dismiss the case against the Solomon News company, which on a charge that it distributed in Michigan 208 copies of the Tribune issue containing the alleged libelous editorial headed "Ford is an anarchist," was made a co-defendant. Counsel for the plaintiff announced that as the Solomon brothers distributed the paper in ignorance of its contents no damages were sought.

The only one of the principals in the suit present was Capt. J. M. Patterson, one of the publishers of the Tribune. Mr. Ford is in the Adirondacks on a vacation.

The jury was locked up at 9:55.

SETTLEMENT OF PEORIA TROUBLE CLOSE AT HAND

Troops Still on Guard at Keystone Plant, Scene of Riots.

BULLETIN

By Associated Press Leased Wire
Peoria, Ill., Aug. 14.—The conference of executives of the Keystone Steel and Wire company with Adjutant General Dickson, other state militia officers, and Mayor Woodruff of Peoria, in an effort to reach an agreement that might settle the strike at the company's plant at South Bartonville, near here, ended at noon with the announcement by General Dickson that "there is nothing to announce."

It was indicated that steps toward an amicable settlement had been made, however, in the statement of W. H. Sommer, vice president and general manager of the company "that later we expect to make a statement that will clear the atmosphere."

No violence occurred at the plants during the forenoon. Strikers in groups picketed the mills, but strikebreakers did not appear. A meeting of strikers was scheduled for the afternoon at their hall in South Bartonville. The approximately 1,500 members of the Seventh and Tenth regiments of Illinois reserve militia remained at their headquarters down town in Peoria. It was indicated that they would be used at the plants only in the event of further rioting.

PARENTS FORMER DIXON BOY FEAR HE MET VIOLENCE

The following from the Denver Post will be of interest to many Dixon people who will remember E. R. Kent, who formerly conducted a gun shop on Galena avenue and his wife: "Relatives and the police are seeking Eldred Kent, 18, son of E. R. Kent, president of the Kent Motor Parts Co., 1743 street, who left his father's place of business Thursday afternoon to perform several errands and who has not been seen since.

"His parents know of no reason why he should voluntarily absent himself and they fear foul play. "The lad was driving a stripped Chalmers speedster when he left his father's establishment. He is described as 6 ft. tall, of medium build, with light brown hair and gray eyes. His left hand was bandaged, the result of an accident several weeks ago in which he lost a finger."

Interurban Car Off Track Last Evening

Interurban traffic on the Sterling, Dixon & Eastern was tied up for several hours last evening as a result of the derailment of interurban car No. 104, east bound, as it was approaching the bridge west of the milk factory shortly before 6 o'clock. Rails spread under the car, in charge of Conductor Wesley Rife and Motorman Francis Heckman, and all trucks were on the ground, the big car plowing into a trolley pole, which it broke off. No one was hurt, but it required several hours of hard work to replace the car on the track.

Repairs Being Made at State Capitol

By Associated Press Leased Wire
Springfield, Ill., Aug. 14.—New elevators are to be installed in the north and south wings of the state house, and fire escapes will be extended to the fifth and sixth floors, according to Louis L. Emerson, secretary of state. Both house and senate chambers also will be redecorated in time for the meeting of the constitutional convention next January, it is hoped.

These and other minor repairs were provided for in the appropriations passed by the Fifty-first general assembly. **Start Hearings on New Army Personnel**

By Associated Press Leased Wire
Washington, Aug. 14.—Hearings on the war department proposals for a permanent military policy providing for universal training for boys of 13 years of age and a standing army with a peace strength of 576,000 were to be resumed today by the senate military sub-committee.

AMBOY LUTHERAN CHURCH.
Services next Sunday as usual: Sunday school at 10:00. Divine worship at 11:00. Theme for Sunday school discussion: "How God Provided a Wife for Isaac." Theme for the morning sermon: "Trust the Word of God, the Living Seed." All Lutherans are urged and everybody is welcomed to worship with us. The Ladies' Aid will meet at the home of Mrs. F. Schroeder on Thursday, Aug. 21. L. G. Krebs, pastor.

Mrs. A. L. Barry and Mrs. Ed. Antoine and daughter, Nina, of Amboy, were visiting in Dixon Wednesday.

Mt. Moran Scaled for First Time

By Associated Press Leased Wire
Helena, Mont., Aug. 14.—Leroy Jeffers, of New York, secretary of the Associate Mountaineering clubs of North America, librarian of the American Alpine club and a fellow of the Royal Geographical Society, of London, has succeeded in scaling the peak of Mount Moran in Jackson's Hole, Yellowstone Park, according to advices received today from Horace N. Albert, acting director of the national park service, who is in Yellowstone.

It was his fourth attempt. It is said no one had ever before succeeded in reaching the summit of Mount Moran, which stands 12,809 feet above sea level and is guarded on all sides by almost sheer precipices.

ANDREW CARNEGIE IS BURIED ON SPOT OF HIS OWN SELECTION

Late Ironmaster's Last Rites Were Simple—Only 60 Present.
By Associated Press Leased Wire
Lenox, Mass., Aug. 14.—The funeral of Andrew Carnegie was held at Shadow Brook, his summer home in the Berkshires today. There was no eulogy and there were no pallbearers.

The service was as simple as were the tastes and habits of the man in life. Fully one-half of the sixty persons present were members of the household. The others were intimates of the family.

The ritual of the Presbyterian church was used by the officiating clergyman, Dr. William Pierson Merrill of Breck Presbyterian church, Fifth avenue, New York, where the Carnegies attended, and of which Mrs. Carnegie and her daughter were members.

Dr. Merrill was assisted by the Rev. Benson N. Wyman, pastor of the Lenox Congregational church where Mrs. Carnegie worshipped during the summer months. **Burial At Sleepy Hollow**

At the conclusion of the service, which occupied barely twenty minutes, the body, accompanied by most of the party, was removed in a motor car to Hillsdale, N. Y., where a funeral coach was in waiting. This car was attached to the regular train of the New York Central railroad, leaving at 1:11 o'clock this afternoon for Tarrytown. Thence the body was to be taken by automobile to Sleepy Hollow for interment in a lot chosen by Mr. Carnegie some years ago.

The service at Shadow Brook was held in the great reception room on the first floor at the east end of the mansion overlooking Lake Mahkeenac, one of the beauty spots of the estate, and where Mr. Carnegie had spent many happy hours at his favorite pastime of angling.

KOLCHAK CONTINUES RETREAT WITH REDS CLOSELY IN PURSUIT

Fate of All-Russian Army in Doubt—Help From U. S. is on Way.

By Associated Press Leased Wire
London, Aug. 14.—The retreat in the Ural mountains of the forces of Admiral Kolchak continues, according to news received here today. South of Uralsk, at the southern end of the Urals, it is added, the bolsheviks have driven the Cossacks back 60 miles and are endeavoring to separate them from the main body of the Kolchak forces who are fighting on both sides of the trans-Siberian railway. East of Cheliabinsk, a junction point on the railway, and Shadrinsk, the bolsheviks are said to have reached the line of the Miase and Isset rivers and captured Tioumen, just east of the Russian-Siberian border. The advices add that there is no sign that the bolshevik advance is likely to be checked.

U. S. Munitions May Aid
The Associated Press is informed, however, that the general position of Admiral Kolchak and his government is not believed to have been made materially worse by the bolshevik advance, and barring the unexpected collapse of Admiral Kolchak, the munitions America is sending should arrive in Siberia in time to aid in his recovery.

Nevertheless it is admitted here that the reverses suffered by Admiral Kolchak are a serious blow to the policy of the entente in Russia.

BETTER SUCCESS SOUTH

By Associated Press Leased Wire
Better news has been received from south Russia where General Petlura, the Ukrainian anti-bolshevik leader, is progressing rapidly toward Kiev with a view to cutting the railways southward toward Odessa, which probably will have to be evacuated by the soviet forces.

PRESIDENT WILL NOT CHANGE HIS ATTITUDE, REPORT

Will Demand Adoption of League and Pact As it Was Drawn.

By Associated Press Leased Wire
Washington, D. C., Aug. 14.—After a two-hour discussion today the senate foreign relations committee decided to notify President Wilson that it would call on him at the white house at his convenience to discuss the peace treaty.

The committee also decided to call before it E. T. Williams, S. K. Hornbeck, and William C. Bullitt, who resigned as advisers to the American peace commission at Paris because it has reported they disagreed with decisions by the conference.

A motion to call also Colonel House, General Bliss and Henry White, American delegates to the peace conference, was voted down 9 to 8. Senators McCumber, North Dakota, and Harding, Ohio, republicans, voting with the democrats.

In deciding to request a conference with President Wilson, on which there was no committee vote, it was agreed that all information secured from the president should be made public.

There was no indication at the white house when the president would receive the committee. To inquiries, Secretary Tamm said: "We have no comment to make."

Speculation at the capital as to the purpose of the committee in requesting that the president receive it revolved around the subject of reservations to the treaty and the league covenant. Before the committee acted it had been intimated at the white house that the president had not changed his attitude against reservations.

TREATY FIGHT NEARS END.
By Associated Press Leased Wire
Washington, D. C., Aug. 14.—Events were shaping today for the beginning of the final phase of the long treaty ratification fight in the senate.

The foreign relations committee having determined to spend up its work on the treaty prepared to take up at once the question of amendments and reservations postponed by committee members.

Meantime the group of republicans who have agreed on a reservation program continued their efforts to enlarge their number under the supposition that they considered assurances that their plan would have administration support. Their information did not come from Senator Hitchcock, the democratic leader, but they declared they were satisfied as to its authenticity.

May Reopen Hearings.
In the foreign relations committee, however, there was a proposal to reopen the committee's hearings on the treaty before a report to the senate was framed. The proposal was submitted in a letter to Chairman Lodge by Senators Borah, of Idaho, and Johnson, of California, republicans, and asked that the committee call General Bliss, Colonel House and three of the experts who resigned, as advisors to the American commission at Versailles.

Amboy Fair Boosters Journey Thru County

Twenty-five automobiles belonging to Amboy business men, carrying the Amboy band, stopped in Dixon this morning advertising the Lee county fair. The band, which is under the direction of Conductor Ray Leake was heard at First street and Galena avenue and again at Seventh street and Depot avenue in Dementown. This organization is a very creditable one and the members are thoroughly capable of furnishing fine music.

The party proceeded east, stopping at Nachusa, Franklin Grove, Ashton, Rochelle, Lee, Steward, Shabbona, Paw Paw, Compton, West Brooklyn, Mendota, Sublette and will return to Amboy this evening.

East End Pavement Improvement Complete

Gund & Graham, contractors, this morning completed work on the east end paving improvement and equipment is being moved to the north side to finish up the work on Everett street. A large part of the concrete paving in the east end is now open for traffic, three small stretches being closed on account of the condition of the cement which is not yet ready for use.

House Members Halt Threatened Fight

By Associated Press Leased Wire
Washington, D. C., Aug. 14.—Members of the house intervened today to prevent a personal collision between Representatives Blanton and Hardy of Texas, both democrats. Resenting the charge by Blanton that he was "a mere rubber stamp," in the sense that he always defended the administration, Hardy rushed at his colleague, but was restrained.

CONFLICTING REPORTS ON NUMBER OF MINE WORKERS ON STRIKE

**Head of State Organization
Says Only 15,000 Mem-
bers Are Out.**

By Associated Press Leased Wire
Springfield, Ill., Aug. 14.—Conflicting reports continued to be received here today as to the number of miners on strike in Illinois.

Frank Farrington, president of the state miners' union, said there was nothing to indicate that the movement had spread beyond the Belleville, Peoria and Springfield sub-districts where, he stated, approximately 15,000 mine workers are on strike.

65,000 Out Says Official
John Watt, secretary treasurer of the Springfield sub-district, who acted as chairman of the Massachusetts meeting last night which voted for a state convention to meet here next Tuesday, declared 65,000 men were idle.

Counsel of the state officers at last night's meeting against the strike was disregarded flatly, and the men voted amid cheers for the state convention to revise the present wage scale.

"Any such convention would be irregular, self-constituted and without authority," President Farrington said today. "Only the rebellious element in the Belleville and Springfield sub-districts have asked for it. There are eleven sub-districts in Illinois."

General Scale in Prospect
Farrington in a circular today to miners declares that a new wage scale for Illinois before a basic scale has been negotiated at the coming international convention for the central competitive field would result in endless confusion. Illinois, he states, with a higher wage scale, competing against Indiana, Ohio and western Pennsylvania, would be left without work.

Chairman Watt said today the state convention was being called partially to revise the constitution for the purpose of curtailing the appointive power of executive officers.

Operators said all the mines in the vicinity of Springfield were closed today because of the strike.

Miners who tried to go to work at the coal company were driven away by the workings of the Springfield co-operative strikers.

**Belgian Labor Party
Urges Fight on H. C. L.**
By Associated Press Leased Wire
Chicago, Aug. 14.—One thousand stockyard workers decided not to strike but to continue to abide by the decision of Judge Aischuler, at a meeting late last night at which the question was put to them by J. M. Johnstone, secretary-treasurer of the stockyards' union.

It was said today that the sentiment displayed at the union meeting last night indicated that the union men were opposed to a strike. The labor council of the stockyards organizations, which has the power to call general strikes at the yards, will meet in regular session on Monday night.

**House of Commons in
Session Many Hours**
By Associated Press Leased Wire
London, Aug. 14.—After disposing of the profiteering bill, by which the government will be empowered to take drastic action in lowering the high cost of living, the house of commons which sat all night as a committee of the whole, took up the house of lords amendments to the transport bill this morning. Some of these amendments were not accepted by the lower house of parliament. After being in continuous session for seventeen hours, the house rose shortly after nine o'clock this morning.

der way at the Woodworth and E. C. Smith buildings. At the Loveland school, a room is being fitted up for a fourth teacher and a new steam heating plant is being installed.

Faculty Completed.
The instructors in various branches of study have been selected for the year and will begin to arrive in the city very shortly. The new instructors who have been secured for the term are as follows:

R. E. Bates, who will assist in the manual training department, devoting about half of his time at the north side school and assisting Mr. James in the south side school. Mr. Bates is a graduate of the state normal school at DeKalb and has had government experience as an instructor in overseas service.

Miss Ruth Chipchase will assist in the class in English at the south side building. She is a graduate of the Illinois college at Jacksonville and has been a member of the teaching staff at Mt. Sterling, Ill.

Miss Laura Dole, supervisor of music as been a very successful instructor and comes to Dixon highly recommended. She is a graduate of the University of Illinois and possesses an A. B. degree in arts as well as a Bachelor of Music degree. She supervised the musical course in the high school at Geneseo last year.

Miss Marjorie J. Fay will have charge of the class in Latin and English at the north side school. She is a graduate of the University of Chicago, and for two years has taught in the Waterman, Ill., schools.

Miss Heloise Jurgens, instructor of the biology department in the southside school is a graduate of the University of Illinois and has had four years of teaching experience.

Miss Elizabeth Murdock, instructor in history in the north side school is another graduate of the University of Illinois and has had four years of teaching experience.

Miss Pearl C. Marsden, a graduate of the Beloit college, who has had three years experience in teaching, will be the French and Latin instructor at the south side.

Miss Louise Zilly, a graduate of the University of Illinois with five years of teaching experience will fill the position of instructor in art work.

A. C. Cossman, Harry Edwards, Fred G. Dimick and Harry C. Warner left this morning by automobile for Stockton, west of Freeport, in Stephenson county, where they will spend the day in the transaction of legal business.

Rev. and Mrs. B. R. Stauffer, of Cincinnati, O., will arrive today or Friday to visit his parents, Mr. and Mrs. W. C. Stauffer, and other relatives in this city.

OWNERS OF RAIL SECURITIES GIVE PLAN OF CONTROL

**Propose 6 Percent to
Owners. Good Wages,
Public Service.**

By Associated Press Leased Wire
Washington, D. C., Aug. 14.—The Warfield plan for railroad control, with provision for a flat return of six percent on capital invested, was presented today to the house interstate commerce committee by Luther M. Walter, general counsel of the National Association of Owners of Railroad Securities.

The fundamentals of the plan, including division of all surplus over the fixed return among employees, the public and the road earning it, were explained by Mr. Walter, who declared it could be put into effect immediately.

Would Give I. C. C. Power.
"The keystone of the Warfield plan," the witness said, "is a congressional direction to the interstate commerce commission that it shall make freight and passenger rates sufficient to pay operating expenses, maintain railroad properties and give not less than six percent return upon the aggregate fair value of the property devoted to transportation in each of the principal traffic territories."

Opposes Cabinet Member.
Mr. Walter opposed federal incorporation, a transportation board and a secretary of transportation in the cabinet and declared that under the minimum return plan the net result of operations in the pre-war test period, the basis of government rental, some of the carriers would have turned in a surplus for division between employees and the public. Mr. Walter said the financial structure of credits depended upon the legislation enacted by this congress to deal with the railroad problem. The association, he said, used the property investment account of the carriers as the basis upon which to apply the six percent because the interstate commerce commission had found that the only available basis for prompt determination of sufficiency of the return upon investment.

It was a fundamental of the Warfield plan, the witness said, that labor should participate in the earnings of the carriers.

"We believe," he declared, "that capital is entitled to its return of six percent; that labor is entitled to a fair wage; and that the excess earned by the carriers after paying fair wages and 6 percent upon capital should be divided with labor and the public. Labor's share should be used for the establishment of the insurance system or for profit sharing. By reason of the largely increased duties which will fall upon the commission the security holders ask congress to create six regional interstate commerce commissions subordinate to the commission but with all the powers of the interstate commerce commission in their respective territories."

Boards of Conciliation.
"Our plan contemplates that these regional commissions shall act as boards of conciliation in settling wage disputes being a body close to the employees, the carriers and the shippers. The issuance of securities of all carriers engaged in interstate commerce would be vested exclusively in federal authority."

The association believed the surplus over the fixed return should be divided equally among the employees, the public and the earning road, one third to the road "to encourage incentive and initiative in operation."

BIRTH RECORD.
Mr. and Mrs. Ralph Covert are the parents of an eight-pound son, born at the Dixon hospital last night.

A nine-pound son was born to Mr. and Mrs. August Schick of South Dixon this morning.

DRUGGIST ARRESTED AFTER SPENDING DAY AT PICNIC IN DIXON

**Forreston Man Held to
Grand Jury Under
Bonds of \$5,000.**

Edward E. Haller, the Forreston druggist, whose store was raided by Ogle county authorities Tuesday night, a few hours after Mr. Haller had reached home from Dixon, where he spent the day at the Tri-County Druggists Assn. picnic at Lowell park, was arraigned before Justice of the Peace J. W. Myers of Forreston yesterday and held to the Ogle county grand jury under bonds of \$5,000, which he furnished, the charge being violation of the Illinois search and seizure act. It is also stated that federal authorities will file charges against him in the district court at Freeport.

Sheriff Banning of Ogle county, who conducted the raid in which he was assisted by Ward Thompson of the federal revenue department, stated yesterday that he has the affidavits of five persons to the effect that they have purchased whiskey from Haller, who has long been a druggist in Forreston, since wartime prohibition became effective. The Ogle county officials claim that during the forty-one days preceding his arrest Haller has disposed of 500 pints of whiskey.

Had Large Supply.
On July 2, Haller received 1,244 pints of whiskey. The officials knew that the whiskey had been shipped to Forreston and traced the shipment to Haller's home. Their investigation revealed that he had been selling it, and consequently the arrest and raid.

It is said that federal and state authorities took up the trail of the whiskey in Chicago, when the purchase was made and followed it through. The wet goods was shipped in fourteen barrels to Harper, Ill., and then transported by team and wagon to Forreston. Delivery was made at midnight.

The raid and arrest made is the first application of the search and seizure act in this section of the country, and has aroused a great deal of interest around Forreston. Haller's trial in the circuit court, which will convene on October 6th, will be followed with interest.

Sheriff Banning stated this morning that he is on the trail of other violators of the dry act, and is keeping watch over several suspects. Other arrests in Ogle county on this charge are expected soon.

Joseph Lett was the happiest and proudest lad in Dixon this morning when his father allowed him to drive a car to Sublette with a tub of ice cream for his uncle, Charles Lett. Joseph's mother, Mrs. Max Lett, accompanied him on the trip.

Hugh Duffy Lands.—Mr. and Mrs. P. H. Duffy, received a telegram yesterday from their son, Hugh, of his arrival in New York.

GRACE CHURCH MISSIONARY—

The Missionary society of Grace Evangelical church held a very beneficial and enjoyable meeting at the home of Mrs. Levi Heckman Tuesday afternoon, in which Mrs. Heckman was assisted in entertaining by Mrs. Phil Miller. The members took an active part in the program and devotionals, and found much interest in the topic of the day's lesson, "City Industries and the Children" which was developed fully by Mrs. Miller, and in which Rev. Unangst led the discussion. A leaflet, read by Mrs. S. J. Mall, was very interesting, and musical numbers by Rev. Unangst's granddaughter Leola, and Misses Lottie Heckman and Francis Ketchin were very pleasing. Refreshments were served by the hostess at the close of the business meeting.

M. E. W. H. M. S. MET—

The Woman's Home Missionary society of the Methodist church met yesterday afternoon with Mrs. Fred Hobbs, Mrs. S. S. Dodge was in charge of the devotional exercises, after which the regular business was transacted. The subject of the meeting was "Our Hospitality," the program being in charge of Miss Morgan. Other members gave readings or read clippings, telling of various hospitals in Alaska, Florida, New Mexico and other states. A very interesting paper by Bishop William A. Quayle on "The World's Needs" was read by Mrs. Pope; vocal numbers were given by Marie Hobbs and instrumental numbers by Mrs. Lennox. At the close of the meeting the hostess served dainty refreshments.

FOR MISSOURI GUESTS—

A birthday party was given at the home of Phyllis Parke, last evening in honor of Chas. J. Siedler, Mr. and Mrs. Siedler and son, and Mrs. Lena Koehler of Maxville, Missouri, who are spending two weeks with their relatives, Philip Parke and family. The guests were Mr. and Mrs. Siedler, Mrs. Lena Koehler, Mrs. Chris Eckerdt, Mr. and Mrs. John Shoemaker, Mr. and Mrs. Dorsey Lightner, and Mr. and Mrs. Wm. Sappington and family. Victrola music and friendly chatting helped to pass the evening. Refreshments of cake and ice cream were served by the hostess.

TO STARVED ROCK—

Mr. and Mrs. T. J. Miller, Miss Lucile Miller, Mrs. Hugh Miller and daughter, Josephine, Mrs. H. C. Conibear and Miss Conibear and Mr. and Mrs. Frank Wilson and daughter, Frances, motored to Starved Rock and Deer Park to spend the day.

TO COME FOR PICNIC—

SANDRA THE JEALOUS

By JANE PHELPS.

BARRETT EDMONDS SPENDS THE EVENING WITH ROSE AND SANDRA

CHAPTER XLVI

Everett always claimed that dinner was a function and so our evening meal was rather formal. He also had insisted that the same formality must be observed whether he was at home or not. "You will ruin the servants if you change the service simply because I am away," he had told me.

I saw by Rose's face that she was impressed. While the food was simple, it was perfectly served, and the linen and silver were faultless as usual. A lovely centerpiece of cut flowers added to the appearance of the table which was lighted with shaded candles.

She started to entreat, but stopped herself. I think she saw by my actions that there was nothing unusual done because she was with me, so made no comments until we had finished and were seated in the library sipping our coffee and waiting for Barrett Edmonds. Then she said:

"All this elegance fairly takes my breath away, Sandra. It is perfectly lovely. I would be so proud I would blow up—I know I would."

"One gets used to it very quickly," I tried to say in a blasé manner. It was awfully childish, but because Rose had predicted I should be unhappy if I played 'second fiddle' and because Everett was as old as father, I wanted her to see that I had much more than she had dreamed of, and that I had come to take all as a matter of course—which

wasn't one bit true as I was very proud of all the luxury with which Everett surrounded me and had not yet become accustomed to it, or to my perfectly managed home—thanks to Mrs. Gray.

"Oh, I don't know; I don't believe I would," Rose returned. "And do you know, Sandra, I haven't made up my mind about it. I thought I had this afternoon, but really I am not so sure."

"What on earth are you talking about? Made up your mind to what?"

"About all this," with a comprehensive gesture which some way took in the entire house. "And whether it is better to marry a man for other things, things like you have, or for love even if one does have to live in a cottage?"

"You sentimental creature!" I laughingly replied. "Haven't you heard that 'when poverty comes in at the door love flies out at the window'?"

"Yes, but does it? Real love? Love like a girl might feel for a handsome man her own age who adores her and spoils her by doing everything she wants him to do—of course, everything but giving her money."

"Mr. Edmonds is calling," Hetty announced. "We had been so interested in each other we had not heard the bell."

"Bring him right in here," I told Hetty, "and bring some fresh coffee and cups. Mine is cold." I added to Rose after Hetty turned away. I felt the most

childish delight in ordering more coffee. Everett never allowed me to have but a thimbleful at night, altho he usually drank three cups.

"We were so busy talking, our coffee became cold and I have ordered some more—you will join us!" I said to Barrett after greetings had been exchanged.

"I shall be delighted to; it is my great weakness. No sugar please. May I know what interested you so that you could forget anything so delicious?" he asked as he sipped the coffee, which really was very good. Everett was a bit cranky about it, and Mrs. Gray always looked after it that it was just right.

"We were talking of—girls getting married," I replied, then blushed. "That is, Rose was."

"And what is your opinion, Miss Grandon, if I may ask? Is it for or against?"

"That depends," Rose answered, looking anxiously at him. "We were wondering whether love or other things made people happier. Sandra laughed at me because I rather favored love."

"I imagine Mrs. Graham and all of us think as you do. But if we conceded it, there would be no argument," Barrett replied.

"We had finished our coffee and gone to the music room, where for a time we forgot everything but our delight in music. Rose played our accompaniments, while Barrett and I sang. Tomorrow—Sandra Resents Barrett's Attention to Rose."

MAZOLA

The Perfect oil for cooking and salads

THE most discriminating epicure cannot say whether it is Mazola or imported olive oil in mayonnaise or French dressing served him.

Italians who know real olive oil are enthusiastic about Mazola.

Your grocer sells Mazola at about one-half the price of the best olive oil.

Make This Delicious Mayonnaise Dressing Today

2 Eggs, Yolks only 1 pint of Mazola 1 teaspoon of Mustard
2 dash of Pepper 1 teaspoon of Salt 4 tablespoons of Vinegar

HAVE all ingredients and mixing utensils cold. Mix dry ingredients. Add egg yolks and when well mixed, add $\frac{1}{2}$ teaspoon of vinegar. Add Mazola drop by drop until the mixture begins to thicken, beating slowly. As soon as the mixture thickens, add the remainder of the vinegar a little at a time. Now beat in the remainder of the Mazola gradually until all is used. The mayonnaise should be thick enough to hold its shape. Put in a glass jar and cover close. Place in the ice box to be used when needed. It will keep for weeks. Do not stir it when you open it; take out as much as you need with a tablespoon, and close the jar.

THE DISCOVERY OF LIFE INSURANCE

Life insurance, in America, has stepped up into the class of great things newly discovered by the general public.

Heretofore the general public has looked upon life insurance as a luxury, and the insurance agent has been classed with the book agent and the peddler of new-fangled pots and pans, a person who was out to hunt for the "fall guys" and take large chunks out of the pay roll. To buy life insurance meant having less money to buy the things to live on.

The situation is reversed. The general public has discovered that life insurance is a real life saver, and many agents have only to sit in their cozy offices and write insurance for the applicants as they file in.

Insurance business for the first quarter of this year nearly doubled that of the same period last year. During the last three years millions have been spent for insurance while only thousands were spent before. The war popularized insurance with every soldier in the ranks. He passed the good word to the folks at home. The war also brought fat pay envelopes to thousands of workers, and they felt able to spend the money for the protection of insurance. The influenza epidemic aroused many thousands of the desirability of life insurance.

Several New York companies have written so much insurance this year that it seems certain they will have reached the limit allowed by the state laws before the end of the year, and special provisions will have to be made in order to accommodate the public demand for life insurance.

It is all very good—except the war and influenza. Common sense—in the absence of war and disease—is a very good promoter of life insurance.

Smyrna, Home of Homer and Soviets

Washington, D. C.—Turks are making vigorous protest against the mandatory entrusted to Greece over Smyrna, which city is the subject of the following bulletin from the National Geographic Society:

"Smyrna, too often known only to the western peoples as 'the place where the rugs come from,' though they do not, vies with Damascus in the claim to being the oldest city of the world. One of the seven cities of the Christian church in Asia Minor, it also is among the seven cities that claim Homer. You will recall the lines:

"Seven wealthy towns contend for Homer dead

Through which the living Homer begged his bread."

"It has passed through all the cycles of the average city's history time and time again, at one period having a government which suggests that of the Russian soviets, and it has survived earthquakes, plagues, and destructive wars.

"Its known history runs back to a thousand years B. C. and it may have flourished in the unrecorded ages before that remote time for all that written history connotes. The Aeolians preceded the Greeks who made it an eastern center of their early culture. It had declined and all but fallen when Alexander, after taking Sardis, released it from the yoke of the Lydians and, acting upon a suggestion said to have come to him in a dream, decided to restore it. It also fell under Roman, Mongol, and finally Turkish dominion.

"It was under the Lydians that the once proud city was split into a series of communities, which effectively tied its political and military hands, so that this dead among Grecian cities cut little figure in the golden era of Hellenic culture.

"The new Smyrna, as rebuilt by Alexander, was moved about three miles south of the older site which was to the northeast of the land locked Gulf of the same name. Nestling between the 'muddy green' waters of this gulf and the succession of hills behind it, Smyrna always was a city beautiful, a fact which was extolled upon coins.

"Ancient coins also bore the likeness of Homer, whose identity with the older Smyrna seems fairly well founded because the Meles river, with its cave nearby that formed the Homeric 'den' and 'study' flowed lazily past the ancient city, though its waters since have been diverted to other and disputed channels.

Reaching Hearts of the Doughboys

Most of our soldiers went to the other side young boys. They came back men hardened by fire and experience. They will tell you that they have "figured out a new bunch of dope," or that they have "learned a rule or two about the little game of life." What they mean is that they have gone down to fundamentals and tackled every problem from rock bottom up.

Sentimentalizing over returned soldiers does them no good, for they have learned the cardinal that tears do very little to lubricate the wheels of the world. France has taught them the futility of

weeping. But a sound appreciation of their problem, translated into practical terms on their return here, will be received by the doughboy with a glad and grateful spirit. For their chief dread now is of the future. "Will we get jobs?" "Where will we live?" "What will the home folks be like?" "What happened in these United States, anyway?"

"No Man's Land seems like home compared to what we are facing," a soldier on a returning troopship told an American welfare worker. "I am actually yellow about facing the music at home. It's all so queer after that stuff, and I don't know what's going to happen."

It was with the understanding that

the doughboy is a new man and a problem in himself that Colonel Arthur Woods, assistant to the secretary of war, laid out his plan of campaign for the War Department's gigantic effort to get jobs for returned service men.

"This," he told his assistants, "is not merely an employment idea. It is a new experiment in psychology. We must understand the soldier, the sailor, the marine, right down to the ground, learn their problem minutely and take infinite pains to restore them to civilian life with as little friction and as much celerity as possible.

"These boys are coming home eagerly, but also a little fearfully. We must bridge the gap that they have crossed during the 1917 and 1918. America's

future lies in her youth. The soldier who fought in France, the sailor who plied the dark waters, and the men who drilled faithfully and patiently at home, must not be left in the lurch after what they have done for us."

Errors Easy in Newspaper Office

The following taken from an exchange is telling in a few words just how easy it is to make a mistake in the average newspaper office and people who are continually complaining about mistakes should read it carefully:

Don't cuss your printer too much

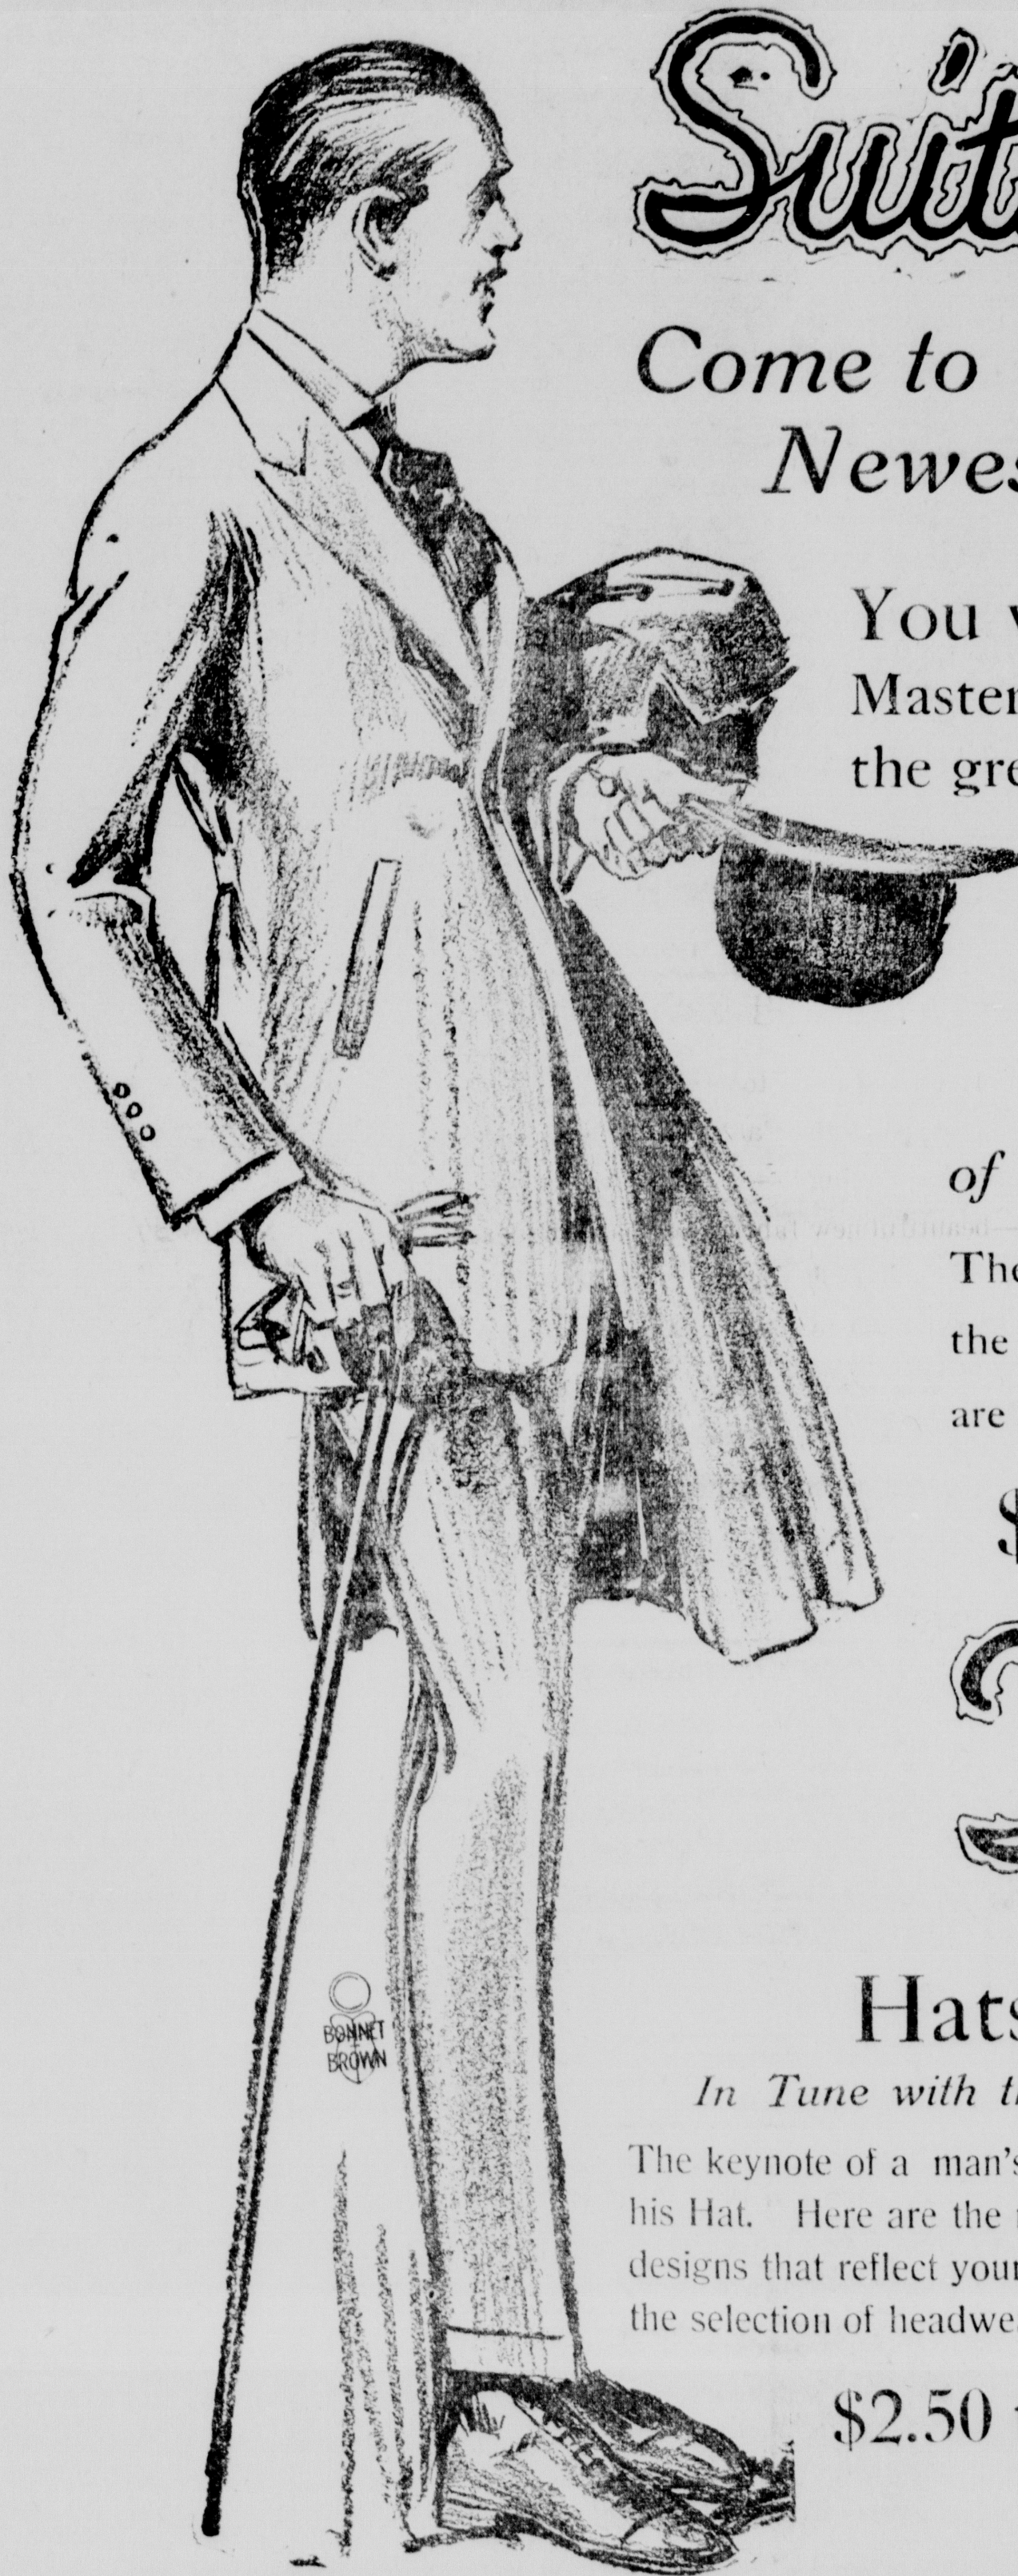

when he makes an occasional error. An exchange calls attention to the fact that in an ordinary column there are 10,000 pieces of type, there are seven wrong positions that a letter may be put in, there are 70,000 chances to make errors, and millions of chances for transpositions. In the short sentence, "To be or not to be," by transpositions alone, it is possible to make 2,759,022 errors.

Then again it must be remembered that proper names are difficult to get over the telephone unless they are spelled out with a key word for the letters that sound very much alike such as "h" for Harry, "m" for Mike, "n" for Nathan, "s" for Sam, "I" for Frank

and so on through the alphabet. The newspaper office of 1919 is a busy place, and should not be censured too strongly when an occasional error creeps into type.

FAREWELL PARTY—
Thirty-five friends of Mr. and Mrs. Lester Siepel and son, members of the Congregational church, gathered at their home Tuesday evening and tendered them a farewell party, as they will leave soon for their new home in Kansas City, Mo. A very tasty scramble supper was one of the features of the evening.

Miss Lila Stevens, of Sterling, visited Dixon friends Wednesday afternoon.

SETTLEMENT OF PEORIA TROUBLE CLOSE AT HAND

(Continued from Page One.)

GENERAL DICKSON ARRIVES

By Associated Press Leased Wire

Peoria, Ill., Aug. 14.—Adjutant General Dickson arrived in this city by motor from Springfield at 9:10 a. m. to join a conference at the Jefferson hotel between city and company officials and state military authorities. Already at the conference were Mayor Woodruff, Major H. M. Powell, Brigadier General Wells, of Springfield, Major C. W. Russell, also of Springfield, President P. W. Sommer, Henry Sommer, and Representative C. W. LaPorte, all of the Keystone company.

It is understood that the strikers have submitted their demands to Brigadier General Wells and that he will attempt today to effect a settlement with the Keystone officials.

SETTLEMENT SEEMS NEAR.

By Associated Press Leased Wire

Peoria, Ill., Aug. 14.—With approximately 1500 members of two regiments of Illinois reserve militia held under arms at two armories at Peoria, in readiness to suppress any renewals of the guerrilla warfare between striking employees of the Keystone Steel & Wire company at South Bartonville from here, and strikebreakers that last night resulted in the shooting of five persons, state officials began conferences that they hoped would bring about a settlement by 6 o'clock this evening.

Armistice Is Declared.

An armistice had been declared between the two factions to last until that hour. In a conference that began at 2 o'clock this morning and lasted until 6 leaders of the strikers promised that they would hold the union members in check until that hour.

Upon the arrival at 9:10 o'clock of Adjutant General Frank S. Dickson by automobile from Springfield a conference of a self-appointed committee consisting of the adjutant general, Mayor E. N. Woodruff, other reserve militia officers and nine officials of the Keystone company began. It was a secret conference but prior to it it was stated that it was hoped that the meeting would bring about an amicable agreement.

Five Shot Yesterday.

The five persons shot yesterday and last night were:

Reuben Sommer 19 years old assistant chemist at the wire and steel plant and son of P. W. Sommer president of the concern.

Alvin Sommer, 19, son of John Sommer, general superintendent of the plant.

Frank Rudolph, watchman. An unidentified man and a young woman nurse at the South Bartonville state insane asylum, about 100 yards from the plant.

Today Reuben Sommer, the most seriously injured of the five had regained consciousness. He suffered much from loss of blood, shot from a shotgun, severing several veins and arteries in his neck and upper body. He also will lose the sight of one eye.

The other Sommer youth, also struck by a charge from a shotgun, was reported as improved, and having a good chance for recovery.

The watchman, Rudolph, a new employee, was shot in the back as he turned to run. His injuries are not considered fatal.

The unidentified man was shot in the heel. The nurse's injury was a pistol bullet flesh wound in the leg.

Union Recognition Is Cause.

Leaders of both of the strikers and executives of the Keystone Steel & Wire company today stated that the strike revolved about but a single factor—recognition of the union. J. R. Lewis, secretary of the local union of the international amalgamated association of steel, tin and iron workers, who has been in charge of the strike since it was called July 9, last, emphatically declared this morning that it would not end until the union was recognized. There are no differences regarding wages, hours or working conditions, he asserted.

Charles W. LaPorte, assistant to the president of the steel and wire company, was equally emphatic in his declaration that recognition would not be accorded the union. Several members of the Sommer family, which controls the big plant, added their affirmation to that statement.

Plants Employ 1,100.

Approximately 1100 workmen were employed at the dual plant, the majority of them in the wire plant.

The union men charge that the first shot in the controversy yesterday, after weeks of bloodless striking was fired by imported breakers. From 150 to 250 men from Chicago and Johnstown, Pa.,

were brought to the South Bartonville plants Tuesday morning. A number of men also were brought along as guards. They were met at the plant yesterday morning by a hooting, jeering crowd of strikers, representatives of both sides agree. In the resulting confusion a number of shots were fired.

Larger Production England's Only Hope

London, Aug. 5.—(Correspondence of the Associated Press.)—Increased production is England's only hope for decreased living costs in the opinion of Britain's food controller, G. H. Roberts. Addressing a meeting of Yorkshire food committees, Controller Roberts declared: "I cannot honestly hold out any hopes that prices will be any lower this winter. Without increased production we shall never get rid of the burden of high prices."

English Women Take Up Smoking Habit

London, Aug. 5.—(Correspondence of the Associated Press.)—So many English women have become confirmed smokers that in recent months railway employees have declined to enforce the rules against smoking in certain carriages and it has come to be accepted that if the women passengers do not object every compartment becomes a "smoking car."

Reconstruction is Talked By Negroes

By Associated Press Leased Wire

St. Louis, Aug. 14.—Reconstruction was the keynote of today's session of the National Negro Business league's convention here today. Plans for the establishment of national negro chamber of commerce at Washington, D. C. to serve as a clearing house for the negro in business throughout the country were discussed. The convention ends tomorrow.

Irish Leader Gets One Year in Prison

Dublin, Aug. 14.—Peter Gallivan, a member of parliament from the west division of Cavan, who was court martialled on a charge of illegal drilling of troops and the incitation of mobs against police officers in connection with his activities as a Sinn Fein leader has been sentenced to a year's imprisonment at hard labor.

THE VERY LATEST

Copyright 1919 Hart Schaffner & Marx

ONE thing that resulted from the restoration of peace among the fighting nations has been the emphasis given to "style" in clothes.

Everybody seems to want to show in clothes the reaction from the strict military sameness of appearance; the military features are not wholly discarded—good shoulders, slender waists, curved hip lines; but aside from these physical requirements, there's a call for special "smartness" of design.

Hart Schaffner & Marx clothes offer just these things to you, in a way that you'll not find them in any other clothes. Just look at the welt-seam-waist type here shown; the pockets, the lapels. One look at that suit and you want it.

We'll fit you in it; many variations in fabrics and colors; and prices.

Our First Showing of Stetsons

Fall '19 styles in Stetson's will be, as always, the season's style criterion in headwear. In our showing of the new colorings and blocks, styles for conservative tastes are plentiful—as well as an extensive showing of the correct proportions and shapes for young men. A few of the new arrivals are shown in our west window.

ATTRACTIVE SHIRTS

Wilson Bros.' good, guaranteed colors, new patterns in silks, fibres, madras and cords. We feature in our shirt department sleeve lengths in a range from 31 to 37 inches. If you need a few new shirts, drop in and see this new lot.

FANCY HOSE

Fancy striped and clocked hose are very much in vogue at present. We've had a hard time getting enough of the right quality—as with most things in our stock—the wholesale and manufacturer's stocks are low, the demand exceeding the supply. New color combinations and contrasts in silk and fibre silk hose, 75c, \$1.00, \$1.50, \$2.25.

Work Shoes For Men and Boys

If you've worn our "Hardy-Hide" Work Shoes we won't have to urge you to buy more—their wearing qualities are sufficient argument in their favor. Our work shoes will prove a better investment than lots that can be had for less money. Judge the cost by the month, or by the year, and you'll find these high-grade shoes cheaper in the end—and much more satisfactory in every respect.

FRANKLIN GROVE AFFAIRS

(By J. C. COOK.)

FROM OVERSEAS.

Carl Legar is home. Having been honorably discharged at Camp Grant Monday, he arrived here late that evening. Carl enlisted April 28th, 1917, and was discharged August 11th, 1919. He was nineteen months overseas, a member of the second division. He has passed from out the grim shadow, has passed the grip of fearful scenes, of exhaustion, of strife and hardship. That he is alive and well and home will gladden the heart of every patriotic heart in the community which points with pride to the records of her soldier boys.

POPULAR COUNTRY SCHOOL.

The Bradford school and church at Bradford corners are familiar names in the county. Situated in one of the richest farming districts in the world, a neighborhood of substantial, prosperous farmers, the church and school are the pride of the community. The church has a good membership, the school building is commodious, well ventilated, furnace heated and maintained in a sanitary condition. With such men as Ben Richwine, Chas. Hart and John Nass as directors, who keep careful watch of all interests relating to the school, the educational advantages in this part of the Bradford are well provided.

HONEST UNCLE SAMUEL.

At the beginning of the war the U. S. government sent out requests for field glasses, spy glasses, photographic objectives and high-grade lenses of all kinds, and within a short time everything was being appropriated from every factory and salesroom. S. A. Durkes having in his possession a very fine pair of binoculars immediately responded and sent the lenses on to Washington. After a time he received a letter from the war department making acknowledgment also enclosure of one dollar and statement that if the binoculars survived the war they would be returned, if not the dollar would be considered payment in full. Only a few days since Mr. Durkes received the lenses through the mail and though in perfect serviceable condition, they bore many evidences of hard service.

A VITAL SUBJECT.

At the M. E. church Sunday evening the Rev. Kerns delivered a forceful sermon and form the text: "Arise, Let Us Go Hence." He applied many spiritual truths to affairs of the present time. In a most earnest manner he made a plea for righteousness, for purity of life and for all earnest Christian men and women to do active service for the Master. That the hope of mankind, the one great remedy for all the ills of life, for the unrest, the strife and turmoil which exists in the social, industrial and political affairs of the world today, is the regeneration of men through the saving power of the world's savior, Jesus Christ. That no abiding peace can be established on earth until man's

soul is atune with the Infinite. No laws of human governments, no acts of legislature, no league of nations, or plan or devise of the human mind can bring peace to the world until man possesses perfect peace that "passeth all understanding." Rev. Kerns sounded a warning to profiteers and denounced in strongest terms those who would take advantage of the present conditions to withhold the necessities of life that their own sordid, selfish, insatiable greed might be gratified. He thought that even the pro-Germans were more worthy of respect than these human vampires.

A GOOD EXAMPLE.

For prompt and faithful attendance at Sunday school, Ben Richwine, of Bradford, no doubt holds the record. For a period of more than a year he never missed being with his class each Sunday. Considering the fact that he lives over four miles from his church and that regardless of all conditions of roads or weather he was always on time is evidence of an earnest, sincere interest in Sunday school work that would serve well as an example for others who live nearer and could more easily attend.

BACK TO BOYHOOD HOME.

A. D. Wicker will leave here today for Burlington, Vt., to visit with her sister, Mrs. Conors and will also visit his nephew, E. O. Conors and family, who reside on the old homestead at Bridgeport on Lake Champlain. The old homestead back in the old granite state has been in possession of the Wicker family for over 129 years. Mr. Wicker expects to make an extended visit and will no doubt find great pleasure and enjoyment in his stay with relatives and reviewing again the scenes of his boyhood days.

SHOULD BE READ EVERYWHERE.

There is much approval here of the editorial "The Teachers' Pay Envelope," which appeared in the Telegraph Tuesday evening. It is remarked that the truths therein expressed should be given widest publicity and hammered into the minds of people until the true value of school teachers is recognized and appreciated.

HEARD ON THE STREET.

First Citizen: Hello Bill, how's everything? Are you going to the Amboy Fair this year?

Second Citizen: Well you know I'm going. And the whole family is going. We may miss out sometimes on chautauques, camp meetings, assemblies and Billy Sunday but we never on the Lee County Fair. Say, do you know that the county fair at Amboy is the greatest event in the year for Lee county? It's where the great Lee county family gather once a year for a big to air reunion. Never missed one yet. They have always been good and getting better every year. This one will be a corker and beat them all.

First Citizen: Bill you're all right.

You and I don't exactly agree on politics but on Amboy Fair we vote unanimous.

THEIR SUMMER VACATION.

Rev. Alex English, former pastor of the Presbyterian church in Franklin Grove, and Mrs. English and daughter, Alpha are making use of their summer vacation in making an auto trip through different states, visiting with relatives and friends en route. Rev. English was called from here in 1912 to Clarence, Ia., where he remained four years and was then transferred to Algona, Iowa, where he is now located and in charge of a large prosperous church. He drives a Mitchell sedan and with his family left Algona only recently, arriving here about one week ago and have been the guests at the Henry Dierdorff home. Wednesday afternoon they left here for Ashton, remaining there over night and departed the next morning for Madison, Wis. They are having a very enjoyable time and will return to Algona early in September.

Can Electricity Be Stolen? Here is Case

By Associated Press Local Wire
Canton, Ill., Aug. 14.—Is it ethical to steal electricity?

This question has been decided in the negative by the Canton Gas and Electric company which charges that persons in this city have "stolen juice." It is explained that the trick is done by tapping the company's wires in such a way as to jump or "by-pass" the meter.

ONLY ORDERED FROM COUNTY

Mrs. Charles Hey of this city states to the Telegraph that the article relating to a meeting in Ottawa, at which Edgar Owens, socialist speaker, known in Dixon, was the speaker was in error. The article, which was copied from the LaSalle Post, stated that the sheriff of LaSalle county broke up Owens' meeting and ordered him to leave the county. Mrs. Hey says that the state secretary of the socialist party informs her that the meeting at Ottawa was not interfered with, but that after the meeting the sheriff ordered Owens to leave the county, which he refused to do.

COUNTY CAMP OPENS AUG. 22 AT BLACKHAWK

Boys Anticipate Great Time During Outing This Month.

Plans are now complete for the boys' summer camp which is held annually under the auspices of the county Y. M. C. A. The outing this year at Camp Blackhawk promises to be one of the largest conducted in northern Illinois and many boys have already sent in their enrollments and have requested information from the office of County Secretary W. B. Holliday at Amboy.

The camp is organized and conducted with but one thought in mind and that is to give worthy boys a worthy vacation and outing. No pains have been spared in the effort to make Camp Blackhawk measure up to the highest standards of camp organization and management. Enrollment are coming in rapidly and final arrangements are being made to have everything in readiness when camp opens on Friday, August 22. A camp cook has been secured and the bill of fare will consist of wholesome provisions aplenty. Row boats have been rented for the eight day stay and a natural gravel beach will afford a good swimming pool.

The camp will be conducted along more than recreational lines. The boys who win 100 points in a four fold test will be awarded the Honor emblem of the camp. The emblem is a felt badge which can be worn on the sweater or sleeve and is a mark of distinction that every boy attending will be proud to wear.

The Y. M. C. A. camp affords those attending a good time, complete relaxation, practical nature study, Bible study, a vision of a successful life, a chance to help others, a stronger body, a broader mind and a stronger spiritual outlook, all of which will make him better fitted for the years work ahead.

Boys who plan to attend Camp Blackhawk are urged to get in touch with County Superintendent Holliday at Amboy at once. Enrollment cards and other information can be secured by communicating with his office at once.

CHANCERY NOTICE.

State of Illinois, Lee County, ss.; Lee County Circuit Court, September Term, A. D. 1919.

William D. Evans vs. Isaac R. Hitt, and the unknown wife, widow, executors, administrators, heirs, legatees, devisees and grantees of Isaac R. Hitt, deceased; Nathan G. Collins, and the unknown wife, widow, executors, administrators, heirs, legatees, devisees and grantees of Theodore H. Gebhardt, deceased; and the unknown owner or owners of all or any part of the lands herein described, to-wit:—The North Half (N¹/₂) of the Southeast Quarter (SE¹/₄), and the Southwest Quarter (SW¹/₄) of Section Twelve (12) in Township Nineteen (19) North, Range Eight (8) East of the Fourth Principal Meridian, in Lee County, Illinois.

BEFORE TO QUIET TITLE.

Affidavit of the non-residence of all of said above named defendants, having been filed in the office of the clerk of the said Court.

And a further affidavit having been filed that the defendants, Isaac R. Hitt, Nathan G. Collins and Theodore H. Gebhardt were in their respective lives interested in the subject matter of this suit and the lands involved therein, and that the names of the widows, executors, administrators, heirs, legatees, devisees and grantees of said persons and those of them who were deceased, are unknown and that in affiant's belief said defendants were deceased, and that their unknown widows, executors, administrators, heirs, legatees, devisees and grantees are now interested in said suit and said lands, and complainant desires to make said unknown persons defendants by the name and description of unknown widows, executors, administrators, heirs, legatees, devisees and grantees of the said deceased persons and the unknown owner or owners of the lands described in the bill of complaint filed herewith, and that said complainant filed his bill of complaint in said Court, on the Chancery side thereof, on the 7th day of August, A. D. 1919, and that thereupon a summons issued out of said Court, against said defendants returnable on the third Monday of September, A. D. 1919 as is by law required.

Now unless you the said non-resident defendants aforesaid shall personally be and appear before said Circuit Court of Lee County, on the first day of the next Term thereof, to be held at the Court House in Dixon, in said County, on the Third Monday of September, A. D. 1919, and plead, answer or demur to said Complainant's Bill of Complaint, the same and the matters and things therein charged and stated, will be taken as confessed, and a decree entered against you, according to the prayer of said Bill.

BREAK IN PRICE OF HOGS CAUSES CORN TO SLUMP

By Associated Press Leased Wire

Chicago, Aug. 14.—Sharp breaks in the value of hogs together with increased rural offerings of corn to arrive had a decided bearish effect today on the corn market. Government seizures of food hoards tended also to turn quotations down grade. September delivery of corn was especially weak. Opening prices, which ranged from 1c to 2 1/2c lower, with Sept. 1.90 1/4 to 1.90 1/2 and Dec. 1.50 to 1.51, were followed by material further setbacks all around, with September off in some cases more than 6c compared with yesterday's finish.

Oats went lower with corn. After opening 6c to 1c down, including Sept. at 75 1/2c to 75 3/4c, the market continued to recede.

Provisions were depressed chiefly by the weakness of the hog market. This in turn was ascribed largely to the fact that receipts of hogs here were again about normal, many times more numerous than has been the rule of late, owing to labor troubles, at the stockyards. Weakness of foreign exchange and government price fixing in England counted later against the bulls, and forced big additional declines. The market closed weak, 7 1/2c to 8 1/2c net lower, with Sept. 1.83 to 1.83 1/2 and Dec. 1.44 to 1.45 1/2.
